Mansion renovation Morges

www.fixit.ch

Object description #2375

Location	1112 Morges
Construction	18th century
Object type	Historic building
Design type	Energy-efficient renovation

The historic 18th-century mansion has been professionally restored. Fixit 222 aerogel thermal insulation plaster provided the building with an efficient insulation solution without detracting from its external appearance. The beautiful brickwork under the eaves has been preserved.

Products
