

Detached house ‘Pavillon Thouvenel’ Renovation Paris (France)

www.fixit.ch

Object description #2517

Location	75019 Paris
Construction	1900
Object type	Detached house
Design type	Energy-efficient renovation

The 19th-century building makes optimal use of the existing space on a relatively small footprint over three floors. The Pavillon Thouvenel was renovated to improve its energy efficiency using Fixit 222 aerogel high-performance insulating plaster. The façade now shines in new splendour, while energy consumption has been reduced.
